Your tank vessel response plan VRP control # 20080 submitted to meet the requirements of the Federal Water Pollution Control Act as amended by the Oil Pollution Act of 1990 (33 CFR 155 Subpart D) is **approved**. CCS 1808 is authorized to operate only in the ports or geographic areas indicated in the Captain of the Port zones listed below. The vessel is prohibited from handling, storing, transporting, transferring, or lightering oil unless it is operating in full compliance with this plan. Compliance includes ensuring that required resources have been identified and planned for or are in place and available through contract or other approved means. In addition, the vessel must have onboard those sections of the plan as required by 33 CFR 155.1030 as well as this letter or a notarized copy of this letter.

Your plan's approval will remain valid until **June 28, 2018**. In accordance with 33 CFR 155.1070, you are required to review your plan annually and submit plan amendments for approval. As per 33 CFR 155.1070(b), the entire plan must be resubmitted for a comprehensive review and approval no later than six (6) months prior to the expiration date.
